The Hotel Colonna Palace Roma has an enviable location in the heart of Rome, nestled between two monumental piazzas, Piazza Monte Citorio, with the Bernini-designed palace housing Italy's parliament and an Egyptian Obelisk, and Piazza Colonna, with the intricately carved 2nd century Column of Marcus Aurelius. Via del Corso with its stellar shopping is right around the corner, while must-see sights like the Trevi Fountain and the Pantheon are just a short stroll away. The 102 guestrooms, including 5 suites, make the most of the hotel's historic 16th century palace with soaring ceilings and floor-to-ceiling windows as well as a sleek modern design and bold color scheme in the recently renovated rooms. We love the sophisticated Suite Colonna with its loft bedroom, downstairs living room with a sofa bed and two good-sized bathrooms. Today we will enjoy a wonderful introduction to the Island Of Capri and the beautiful towns of Capri and Ana Capri with our local expert guide.

Our Tour today will take us from Sorrento port with our guide on the hydrofoil to Capri. As we cross the sea our guide will introduce us not only to the Sorrentina Peninsula and Bay of Naples but also the beautiful island of Capri. On arrival we will enjoy exploring the port area, known locally as Marina Grande. From the port we will take the funicular railway up to Capri Town, which is a charming white town which is daily worn down with the treat of many visitors. The architecture of Capri Town complements the islands natural beauty and much of what we consider to be typical and homemade Mediterranean building can be seen here in the older quarters of the town. Not only will you find beautiful stores here in Capri town but also there are plenty of moulded arches, domes, narrow streets and stairways to explore. Once explored we will taxi up to the higher level and town of Ana Capri which was once a fierce rival of Capri town. Whilst also elegant Ana Capri has more of a rustic air to it and here you will see many olive streets, surrounding vineyards and a more simple Moorish style of architecture. As well as the main areas we can visit the Piazza San Nicola and its 18th century Church of San Michele, the Church of Santa Sofia and from Piazza Vittoria we can head over to the Villa San Michele of Axel Munthe. For those seeking a little more adventure, you can take a chairlift to the summit of Monte Solaro – the highest point on the island from where the views are quite stunning. Following our visit to these areas of Capri we return to the Marina Grande with the taxi to catch the hydrofoil back to Sorrento- (Tour duration: 8 hours) – Hydrofoil and funicular tickets included

in Italy. From Sorrento, we will begin to enjoy the 'Amalfi Drive' following the coastline to Positano. Positano is a town which definitely owes its good fortune as a tourist destination thanks to the stunning scenery. It is a dream like place that almost does not seem real when you are there, but once you have left Positano the 'want' to return there is very real. The fashion and the shopping in Positano is well worth your visit, the collegiate church of Santa Maria Assunta which dates back to the 1200's is a must, the port area is worth the trip down to see, what you must do on this tour is simply take in the atmosphere, enjoy some people watching and soak up the magic of this place. Following your time in Positano, we continue along the coastline to Ravello (about 40 mins drive). Ravello, is lesser known than Positano and not a seaside town however its just as beautiful and magical. The view over a vast portion of the Amalfi Coast that one can enjoy from Ravello is one of the most picturesque and sublime sights that human eyes can gaze upon. Ravello itself lies on a spur which separates the Dragon Valley from the Maiori Valley. Nowadays it is one of the most renowned holiday resorts in Italy. The Arab Sicilian style of the buildings is due to the trading relationships which the city had established with Sicily and countries of the East. In Ravello you can take optional visit to the Gardens and Cloisters of the Villa Rufolo, the most famous monument of Ravello which dates back to the 13th century. (Tour duration: 10 hours)

Full day at leisure in Sorrento

The Town of Sorrento began its career back at the beginning of the 19th century when Naples began to grow too piquant for English tastes. Sorrento's secret is a certain perfect cosiness, comfortable like old shoes or a favourite cardigan. It certainly helps that Sorrento is a lovely, civilized old town. Not many resorts can trace their ancestry back to the Etruscans or claim a native son like the poet Torquato Tasso.
